March 20, 2020

Dear U Prep Community,

We received another confirmed case of COVID-19 of a faculty member at UPSM High School (2664 Franklin St., Detroit, MI. 48207). The faculty member was last in the school on Friday, March 13th, and is currently being treated.

In accordance to CDC guidelines anyone who had access to the school should self-quarantine for the next 14 days and follow all other guidelines on <https://www.cdc.gov/>. It is possible that you are a carrier of the virus and can spread it to others even if you show no symptoms. If you come down with symptoms of COVID-19, we encourage you to call your physician, visit the Center For Disease Control or the Detroit Department of Health websites and follow the protocols listed.

The building will remain closed and will undergo a deep cleaning.

In the weeks ahead- as testing becomes more widespread, I am sure that we will learn about more cases confirmed in our community, across the city, and around the country. We are in this together. We are grateful to our team members and contractual partners who do so much to support our students and their families. We will continue to reach out and check-in on you during the school closure.

For additional student resources please visit the [UPrepSchools.com](https://www.uprepschools.com), COVID-19 Updates page.

Danielle Jackson

Interim CEO, Detroit 90/90
