INDEPENDENT AUDITORS' REPORT ON FINANCIAL STATEMENTS

To the Board of Directors
Public School Academies of Detroit

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of University Prep Art and Design as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the Academy's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of University Prep Art and Design as of June 30, 2020, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

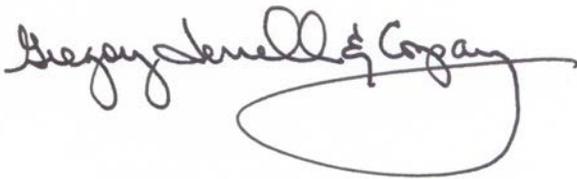

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information on pages 3–7 and 13–15 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated October 27, 2020 on our consideration of the Academy's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Academy's internal control over financial reporting and compliance.

UNIVERSITY PREP ART AND DESIGN
MANAGEMENT'S DISCUSSION AND ANALYSIS
AS OF JUNE 30, 2020

This section of University Prep Art and Design annual financial report presents our discussion and analysis of the Academy's financial performance during the year ended June 30, 2020. Please read it in conjunction with the Academy's financial statements, which immediately follow this section.

Using this Annual Report

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand the Academy financially as a whole. The Government-wide financial statements provide information about the activities of the whole Academy, presenting both an aggregate view of the Academy's finances and a longer-term view of those finances. The fund financial statements provide the next level of detail. For governmental activities, these statements tell how services were financed in the short-term as well as what remains for future spending. The fund financial statements look at the Academy's operations in more detail than the Government-wide financial statements by providing information about the Academy's most significant fund - the General Fund, with all other funds presented in one column as non-major funds.

Reporting the Academy as a Whole - Government-wide Financial Statements

One of the most important questions asked about the Academy is, "As a whole, what is the Academy's financial condition as a result of the year's activities?" The statement of net position and the statement of activities, which appear first in the Academy's financial statements, report information on the Academy as a whole and its activities in a way that helps you answer this question. We prepare these statements to include all assets and liabilities, using the accrual basis of accounting, which is similar to the accounting used by most private-sector companies. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid. These two statements report the Academy's net position- the difference between assets and liabilities, as reported in the statement of net position- as one way to measure the Academy's financial health or financial position. Over time, increases or decreases in the Academy's net position- as reported in the statement of activities - are indicators of whether its financial health is improving or deteriorating. The relationship between revenues and expenses is the Academy's operating results. However, the Academy's goal is to provide services to our students, not to generate profits as commercial entities do. One must consider many other nonfinancial factors, such as the quality of the education provided and the safety of the schools, to assess the overall health of the Academy. The statement of net position and the statement of activities report the governmental activities for the Academy, which encompass all of the Academy's services, including instruction, support services, community services, after-school programs and food services. Unrestricted State Aid (foundation allowance revenue), and state and federal grants finance most of these activities.

Reporting the Academy's Most Significant Funds - Fund Financial Statements

The Academy's fund financial statements provide detailed information about the most significant funds - not the Academy as a whole. Some funds are required to be established by State law. However, the Academy establishes other funds to help it control and manage money for particular purposes (the Food Service Fund is an example) or to show that it is meeting legal responsibilities for using grants and other money. The governmental funds of the Academy use the following accounting approach:

Governmental funds - All of the Academy's services are reported in governmental funds. Governmental fund reporting focuses on showing how money flows into and out of funds and the balances left at year end that are available for spending. They are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the operations of the Academy and the services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the Academy's programs. We describe the relationship (or differences) between governmental activities (reported in the statement of net position and the statement of activities) and governmental funds in a reconciliation.

The Academy as a Whole

Recall that the statement of net position provides the perspective of the Academy as a whole. Table 1 provides a summary of the Academy's net position as of June 30, 2020 and 2019:

Table 1

	Governmental Activities

As reported in the statement of activities, the cost of all governmental activities for the years ended June 30, 2020 and 2019 was \$13,210,655 and \$12,815,633, respectively. Certain activities were partially funded by other governments and organizations that subsidized certain programs with grants and contributions totaling \$1,503,337 and \$1,385,379, respectively. We paid for the remaining "public benefit" portion of our governmental activities with \$11,754,018 in fiscal 2020 and \$11,347,665 in fiscal 2019, in State foundation allowance, and with our other revenues.

General Fund Budgetary Highlights

Over the course of the year, the Academy revises its budget as unexpected changes in revenues and expenditures arise. State law requires that the budget be amended to ensure that expenditures do not exceed appropriations. A schedule showing the Academy's original and final budget amounts compared with amounts actually paid and received is provided in required supplemental information of these financial statements. The Academy received an unexpected reduction to the 19-20 State Aid Foundation in the amount of \$175 per pupil on the August State Aid payment due to COVID-19 effects on State revenue.

Capital Assets

As of June 30, 2020, the Academy had invested \$186,835 in furniture, leasehold improvements, and computer hardware. This represents a decrease of approximately \$623 from last year. No debt was issued for the purchase of capital assets. We present more detailed information regarding our capital assets in the notes to the financial statements.

Economic Factors and Next Year's Budgets and Rates

Our elected officials and administration consider many factors when setting the Academy's 2021-2020 budget. One of the most important factors affecting the budget is our student count. The State foundation revenue is determined by multiplying the blended student count by the foundation allowance per pupil. The blended count for the 2021-2020 fiscal year is 75 percent the 19-20 blended count (10% February 2019 & 90% October 2019) and 25 percent the 20-21 blended count (10% February 2020 & 90% October 2020). The Academy has budgeted its enrollment at 1,276 students for the 2021-2020 school year-end which is an increase of 1 student from the 2019-2020 school year.

Since the Academy's revenue is heavily dependent on State funding and the health of the State's School Aid Fund, actual revenue received depends on the State's ability to collect revenues to fund its appropriation to its various school districts.

The Academy has prepared its 2020-2021 budget assuming a foundation allowance of \$7,411 per pupil, however has subsequently received confirmation from the State that the foundation allowance will be \$8,176 per pupil. The Academy will propose a budget amendment to increase the foundation allowance in October. The Academy has received numerous federal grants to cover all anticipated COVID-19 related expenditures. The Academy will continue to be diligent in its spending and monitors its budget closely.

Contacting the Academy's Management

This financial report is intended to provide our taxpayers, parents, and donors with a general overview of the Academy's finances and to show the Academy's accountability for the money it receives. If you have any questions about this report or need additional information, contact the Director of Business Operations, University Prep Art and Design, 485 W. Milwaukee St., Detroit, MI, 48202.

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2020

(1) **ORGANIZATION**

University Prep Art and Design (“the Academy”) is an urban public school Academy under the Public School Academies of Detroit (“PSAD”) pursuant to Part 6C of the Michigan Revised School Code of 1976, as amended. The Michigan Department of Education has issued a school district number to the Academy. PSAD filed articles of incorporation as a nonprofit corporation pursuant to the provisions of the Michigan Nonprofit Corporation act of 1982, as amended, in May 2007. The Academy began operations on July 1, 2009.

On August 26, 2008, PSAD entered into a ten-year contract with Grand Valley State University. On April 26, 2020, PSAD signed another ten-year-contract with GVSU that expires on June 30, 2029. The contract requires PSAD to act exclusively as a governmental agency and not undertake any action inconsistent with its status as an entity authorized to receive state school aid funds pursuant to the state constitution. Grand Valley State University is the fiscal agent for PSAD and is responsible for overseeing PSAD’s compliance with the contract and all applicable laws. PSAD on behalf of the Academy pays Grand Valley State University three percent (3%) of its state aid as administrative fees. The total administrative fees paid for the year ended June 30, 2020 were \$305,266.

(2) **ACADEMY-WIDE AND FUND FINANCIAL STATEMENTS**

The Academy-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the Academy. For the most part, the effect of inter-fund activity has been removed from these statements. All of the Academy’s activities are classified as governmental activities.

The statement of activities, demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct* expenses are those that are clearly identifiable with a specific function or segment. *Program revenues* include: 1) charges to customers who purchase, use or directly benefit from goods or services by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. State Foundation Aid and other unrestricted items are not included as program revenues but instead as *general revenues*.

Measurement focus, basis of accounting, and financial statement presentation

The Academy-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

As a general rule, the effect of inter-fund activity has been eliminated from the Academy-wide financial statements.

(2) **ACADEMY-WIDE AND FUND FINANCIAL STATEMENTS** (continued)

Amounts reported as program revenue include (1) charges to customers or applicants for goods, services, or privileges provided; (2) operating grants and contributions; and (3) capital grants and contributions. Internally dedicated resources are reported as general revenue rather than as program revenue. Likewise, general revenue includes all unrestricted state aid.

Governmental fund financial statements are reported using the current *financial resources, measurement focus* and the *modified accrual basis of accounting*. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose the Academy considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

State and federal aid and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the Academy.

The Academy reports the following major governmental funds:

The *general fund* is the Academy's primary operating fund. It accounts for all financial resources of the Academy, except those required to be accounted for in another fund.

The Academy reports the following non-major governmental funds:

The *school service fund* is the Academy's primary non-major fund. It is used to account for food services operations. It is a subsidiary operation and obligation of the General Fund.

(3) **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The financial statements have been prepared in accordance with the accounting principles outlined in the Michigan School Accounting Manual. The significant accounting policies followed by University Prep Art and Design (the "Academy") are described below:

(3) **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (continued)

Cash and Cash Equivalents

Cash and cash equivalents include short-term, highly liquid investments that are readily convertible to cash.

Revenue Recognition

All grant and contract revenues are recognized only to the extent earned.

Deferred Outflow and Inflow of Resources

Deferred Outflow of Resources is defined as the consumption or usage of net position applicable to a future reporting period. These types of resources are similar to assets and have a positive effect on the Statement of Net Position. Deferred Inflow of Resources is defined as the acquisition of net position applicable to a future reporting period. These types of resources are similar to liabilities and have a negative effect on the Statement of Net Position.

Use of Estimates

The preparation of general purpose financial statement in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reported period. Actual results could differ from those estimates.

Budgets and Budgetary Accounts

The General Fund budget was adopted on a basis consistent with accounting principles generally accepted in the United States of America and in compliance with the Uniform Budgeting and Accounting (P.A. 621 of 1978). A separate School Service Fund budget was adopted.

For the year end June 30, 2020, expenditures exceeded appropriations as follows:

<u>General Fund</u>	<u>Budget</u>	<u>Actual</u>	<u>Variance</u>
Basic Programs	\$ 4,617,795	\$ 4,621,582	\$ (3,787)
General Administration	\$ 890,437	\$ 892,844	\$ (2,407)
Operations and Maintenance	\$ 1,368,436	\$ 1,423,208	\$ (54,772)

Capital Assets

Capital assets purchased or acquired are stated at historical cost. The Academy's capitalization policy is to capitalize purchases that exceed \$5,000 and have estimated useful lives in excess of one year.

The cost of normal maintenance and repairs that do not add to the value of the capital assets or materially extend their lives are not capitalized. Improvements are capitalized and depreciated over the remaining useful lives of the related capital assets. Capital assets are depreciated using the straight line method over the estimated lives as follows:

Furniture and other equipment	3-10 years
-------------------------------	------------

(4) **CASH AND CASH EQUIVALENTS**

The Academy's deposits are included on the balance sheet under the following classifications:

Cash and cash equivalents	<u>\$ 2,058,099</u>
---------------------------	---------------------

State law authorizes the Academy to make deposits in the accounts of federally insured financial institutions. Cash held by fiscal agents or trustees is secured in accordance with the requirements of the agency or trust agreement.

Custodial Credit Risk of Bank Deposits

Custodial credit risk is the risk that in the event of bank failure, the Academy's deposits may not be returned by the bank. The Academy believes that due to the dollar amounts of cash deposits and the limits of FDIC insurance, it is impractical to insure all bank deposits. As a result, the Academy evaluates each financial institution it deposits Academy funds with and assesses the level of risk of each financial institution; only those institutions with an acceptable estimated risk level are used as depositories. The above deposits were reflected in the accounts of the bank (without recognition of checks written but not yet cleared or of deposits in transit) at \$2,151,652. The amount not covered by federal depository insurance was \$1,901,652.

Net Capital Assets	<u>\$ 187,458</u>	<u>\$ (623)</u>	<u>\$ -</u>	<u>\$ 186,835</u>

(6) **DUE FROM OTHER GOVERNMENTAL UNITS**

Due from other governmental units as of June 30, 2020 for the Academy's general fund was as follows:

State of Michigan - State Aid	\$ 2,347,318
State of Michigan - Federal Grants	82,662
Other	<u>31,613</u>
Total	<u>\$ 2,461,593</u>

(7) **MANAGEMENT AND SERVICE AGREEMENTS**

For the year ended June 30, 2020, the Academy utilized a management company, Detroit 90/90, a not-for-profit corporation to provide personnel, management services, back office operations, and curriculum services. Detroit 90/90 is reimbursed for its direct costs as approved in the Academy's budget. The management fee for the year ended June 30, 2020 was \$312,606.

(8) **COMMITMENTS**

The Academy subleases a building and parking space from PSAD which is obligated under two operating leases for the middle and high school facility. The leases require an annual base rent of \$12,001 (\$1 for the building, and \$12,000 for the parking space), and expires on June 30, 2023.

Future minimum lease commitments as of June 30, 2020 are as follows:

<u>Year Ended June 30</u>	<u>Middle and High Schools</u>
2021	\$ 12,001
2022	12,001
2023	<u>12,001</u>
Total	<u>\$ 36,003</u>

Under the terms of the lease agreements, the Academy is responsible for all required maintenance of the facilities. The leases require the Academy to meet certain performance standards including graduation rates, re-enrollment rates, average daily attendance rates, college enrollment rates and minimum test scores.

The Academy has agreed to establish a capital reserve fund for major capital repairs or replacements that shall contain at least \$40,000 at the start of the fourth lease year. At the start of each successive lease year, the capital reserve shall increase by \$40,000. The Academy has prepaid \$80,000 to PSAD as of June 30, 2020.

(8) **COMMITMENTS** (continued)

The Academy is also in a lease agreement with Xerox Financial Services LLC for 2 copiers that is payable over 60 monthly payments of \$980 each, beginning September 2017. The lease expense for the year ended June 30, 2020 was \$23,520.

Future minimum lease commitments as of June 30, 2020 are as follows:

2021	\$	23,520
2022		23,520
2023		3,920
Total	\$	<u>50,960</u>

(9) **SUBSEQUENT EVENTS**

On August 28, 2020, PSAD entered into an Agreement on behalf of the Academy with Comerica Bank for a note in the amount of \$500,000. The note is guaranteed by the Academy's State Aid payments at a variable interest rate. The note requires nine interest payments that total \$12,615 and five monthly principal payments as follows:

<u>Date</u>	<u>Amount</u>
2/26/2021	\$ 100,000
3/26/2021	100,000
4/30/2021	100,000
5/28/2021	100,000
6/25/2021	100,000
Total Principal	\$ 500,000
Interest	12,615
Total Principal and Interest	<u>\$ 512,615</u>

Subsequent events have been evaluated through October 27, 2020, which is the date the financial statements were available to be issued. Events occurring that date have not been evaluated to determine whether a change in the financial statements would be required.
