

UPA MS 2021 Reopening Plan

School Schedule Overview

Whether virtual or in-person learning is chosen, the academic program remains the same. Teachers maintain similar pacing, content delivery schedule, intervention schedule, and overall grade level communication as they have all year. This will minimize interruption to the Scholars' experience and allow a more seamless integration between the virtual and in-person programs. Whenever possible, Scholars will remain with their current Teacher for the remainder of the year for continuity of learning and relationship.
